ADMINISTRATION/BOX OFFICE

- Can we work on adding the seats in the house so that we can start to coreograph around where the audience will be?
- Can we please start to work on clearing things backstage so that we can both store things backstage and have less to trip on (like during the quick changes)?

SOUND:

None today, thank you!

LIGHTING:

None today, thank you!

PROPERTIES:

- Can we please work on having all of the rehearsal props for the acts ready by next week?
 - We are going to need ropes for around their hands in act 3
- We are going to need 2 ropes over their shoulders in act 3 (for holding their instruments when they die)
 - We are going to need the gags for the simpsons family in act 3

Please make the instrument ropes your priority between the sholder ropes and the gags, but if we could have the ropes done (at least a mockup) by friday afternoon, that would be amazing!

- Matt will change into his fat suit after chart hits (in act 2)
