MI

Experience

Desktop Support Student Technician

Grand Valley State University - IT Services • Allendale, MI

08/2019 - Present

I assist users on the Allendale campus of Grand Valley State University with new products. I was originally brought on to assist with apple products (Macintoshes), however, we have recently been asked to help with other aspects of desktop computers, including Windows devices.

As a part of this job, I assist in setting up and troubleshooting devices for various departments all over the university. I have also become very familiar with the location of buildings on campus.

Score Keeper

Unique Motor Sports • Michigan

06/2018 - 08/2019

I was in charge of keeping track of the positioning of cars racing on the track and relaying it to the rest of the crew so they knew who was in the top 3 positions and how many laps remained. I also assisted in the registration of people getting their cars checked in as well as selling passes to allow people access to the "pit" area. For this position, I worked all over the state of Michigan.

Skills

Customer service, Computer literacy, Communication skills, Time management, Microsoft excel, Microsoft word, English, Leadership, Event Management, Team player

Education

Theater

Grand Valley State University • Allendale, MI

04/2024

- Focused on Technical theater, specifically Stage Management
- Served as the president of a student organization (STAGE) for the 2021 - 2022 school year.
- Stage Managed a highly attended event on campus - The Haunted Arboretum, this will be the third time this event has been produced on campus, I have been made the stage manager each time.

Shows & Events I have Stage Managed:

- Mr. Burns: A Post-Electric Play - Theatre at Grand Valley
- Bard to Go - Theater at Grand Valley (upcoming)
- GVSU's Haunted Arboretum (October 2020)
- GVSU's Haunted Arboretum (October 2021)
- GVSU's Haunted Arboretum (October 2022, upcoming)
- Yikes! 2020 - STAGE (Collection of student-made performances)
